

MEMORANDUM OF UNDERSTANDING

MLBP is one among the reputed Technical institute imparting finest quality education. The evolution of the institute over the past 34 years has witnessed a strong blend of state-of-the-art infrastructure and intricately entwined human resource committed to provide professional education with thrust on quality. Our Polytechnic, established in 1984, with the aim of producing highly qualified engineers and technocrats, is striving hard to enable them to take highly demanding managerial and entrepreneurial roles in the society. Ours is the first polytechnic to be accredited by (NBA) National Board of Accreditations (2005).

ESPRIT is a powerful, full-spectrum CAM system for CNC programming, optimization, and simulation — supporting the entire manufacturing process from CAD file to machined part. With factory-certified post processors delivering machine-optimized G-code and ESPRIT's ability to solve unique challenges with automation solutions built using the software's API, ESPRIT is the smart manufacturing solution for any machining application. When you combine these benefits with world-class technical support that allows programmers to get started quickly and keep running at top efficiency, it's clear that ESPRIT is Powerful Full Spectrum CAM System.

This Memorandum of Understanding signed between MOTICHAND LENGADE BHARATESH POLYTECHNIC, BELAGAVI, represented by its Principal and ESPRIT CAD/CAM licenses from DP technology Corp of USA have agreed to the following terms:

“We the undersigned, confirm that the educational version licenses of ESPRIT CAD/CAM licenses from DP Technology Corp of USA will be used for the sole purpose of education of students. *The licenses shall not be used for commercial production of products or for providing paid or unpaid consulting services for outside entities.* The
